Dear Horace:

Hopefully your return trip home was relaxed and safe as I am sure it was. How does it feel to be back to normal again?

We are still getting raves and many compliments on the concert. It was outstanding. Heard many people tell us that it was the finest they have ever attended. And from good critics. You did great Horace, an outstanding performance which will be long remembered. It was worth all the time and effort you put into it, and it showed. Can only say in a few true words, that we are very proud of you. You certainly did Petosa proud. And of course the support from Jeannette was also appreciated. Not possible without her since she supports you 1000%. Love you Jeannette.

Let me hear from you when possible. And thanks again.

Love
